

Konstantina (Nadia) Magklara is an Assistant Professor of Child and Adolescent Psychiatry at the Second Psychiatric Department of the National and Kapodistrian University of Athens at the “Attikon” University Hospital. She earned her medical degree from the Medical School of the National and Kapodistrian University of Athens. She also holds a master's degree in Health Management from the Hellenic Open University and a PhD in Psychiatry from the Psychiatric Department of the University of Ioannina. She completed her residency training in child and adolescent psychiatry at "Agia Sofia" Children's Hospital in Athens, as well as at the Child and Adolescent Mental Health Services in St. Gallen and at the University Child and Adolescent Psychiatric Department in Basel, Switzerland. Konstantina was trained in systemic family therapy in Greece and Germany and in neuropsychopharmacology at the European College of Neuropsychopharmacology. She was a clinical and research fellow at the Obsessive-Compulsive Disorder Clinic of the First Psychiatric Department of the National and Kapodistrian University of Athens at the Eginition Hospital. She has been awarded the Donald Cohen Fellowship and an educational scholarship from the “Fondazione Child” Institute. In 2021 Konstantina was re-elected as Member of the Board of the Hellenic Society of Child and Adolescent Psychiatry. Her scientific interests include psychiatric epidemiology in adolescence, obsessive-compulsive spectrum disorders, as well as the investigation of the impact of climate crisis on youth mental health.
